Recognition of Excellence

Respected Parents of James,

As a parent, we always wish that our child does something that we should be known from the name of our child and your child **James** has done something remarkable in their journey in college, that's why I addressed you as a parent of James.

James has demonstrated **confidence, creativity and courage**. How? In the first month of college they have organised the entire event from taking permission from college to planning, inviting the audience, anchoring and presenting their art form.

✦ **Outstanding Leadership**

"But it's not only about what's shown in public. Internally the values they have and the kind of ambition they have is quite contagious."

But it's not fair to just praise the flower without recognising the efforts made by the gardener.

So, yes Parents of **James**, you've done amazing work in upbringing of your child. We, at AI labs are just witnessing the fruits of it but you've made all the sacrifices.

* * *

Thank you very much for all the things you've done to build James.

With Gratitude & Respect
